This policy does not apply outside of Ontario.

#### **Statement of Commitment**

The Plan is committed to maintaining an accessible environment for persons with disabilities in the delivery of its services and treating all people in a way that allows them to maintain their dignity and independence. We will do so by preventing and removing barriers to accessibility and complying with the AODA and its Regulations.

#### **Accessible Client Service**

The Plan will use reasonable efforts to ensure that its services to persons with disabilities are consistent with the following principles:

- Services are provided in a way that respects the dignity and independence of persons with disabilities;
- Persons with disabilities are able to benefit from the same services, in the same place and in a similar way as other persons;
- Persons with disabilities have opportunities equal to those given to others to obtain, use and benefit from our services.

In order to achieve excellence in serving all clients, including those with disabilities, the Plan will:

- communicate with persons with disabilities in ways that take into account their disability
- serve persons with disabilities who use assistive devices and ensure that employees are trained on how to use such devices if used on Plan premises
- ensure that persons with disabilities who are accompanied by a service animal are permitted to enter the premises with the animal unless the animal is excluded by law from the premises. If the animal is excluded by law, the Plan will provide arrangements to the person with a disability to access Plan services.
- ensure that persons with disabilities who are accompanied by a support person are permitted to enter Plan premises with their support person and have access to their support person unless it is determined that a conflict of interest will arise.

The information will be provided as soon as practicable after the Plan is made aware of the need for accommodation.

The Plan shall review the individualized workplace emergency response information when the employee moves to a different location within the Plan, when the employee's overall accommodation plan is reviewed and when the Plan reviews its general emergency response policies.

## **Training for Staff**
